Better  
Nutrition  
made simple.™

Did you know?  
**TomatoTritition**  
Fun Facts!

**Better Nutrition**  
made simple.™

94% of a tomato is water

1 tablespoon of tomato paste = 1/4 cup  
Red/Orange vegetable

It takes 1.6 whole tomatoes to make 1 tablespoon  
of tomato paste

Tomatoes are rich in carotenoids, like lycopene

Lycopene is more bio-available in processed tomatoes  
vs. fresh (20 times more)

Tomatoes are rich in key nutrients like potassium, low in  
calories, and an excellent source of Vitamins A,C, and B  
(Folate, Niacin, B6)

A creditable 1/2 cup serving of Red Gold  
Marinara or Salsa (3 oz.) has the  
nutritional equivalent of 3+ whole tomatoes.

Since 1942, the Red Gold family has been producing premium quality tomato products. "To produce the freshest, best tasting tomato products in the world" has been our mission since we started serving our troops during WWII.

We start with the highest quality tomato plants and raise them in an ideal climate... because the Midwest has just the right temperature, consistent rainfall, plenty of sun, and some of the richest topsoil in North America thanks to the minerals deposited from a glacier during the Ice Age.

Our vine-ripened Roma tomatoes are selected for optimum heartiness, texture, sweetness, color and consistency and sustainably grown with meticulous care on local multi-generation family farms. The unparalleled diversity of our tomato products from whole peeled tomatoes, to ketchup, to barbecue sauce, to pasta sauces, to salsa, to plant-based protein options, and finally our unique Better Nutrition Made Simple™ line makes us your #1 choice as a partner supplier. Rest assured that you will find only the best quality throughout our entire product line... because QUALITY begins with the best tomatoes!

Our fourth generation family-owned company remains committed to having the best quality tomato products, employees, growers, and customer service in the industry. Today, we have family-owned farms from Indiana, Ohio, Michigan, and California that focus on sustainably growing and efficiently packing the freshest, best-tasting tomato products in the world.
